SOUTHERN POWER FUND

Since November 2020
- 10 million funds moved
- 300 groups funded
- 16 states

The majority of the money in philanthropy doesn't make it to the South.
edit quote here or get rid of this section
In response to 2021's winter storms, we moved over $1.3M within four days to groups and organizations on the ground and $1.5M in two months in response to the devastation caused by Hurricane Ida and Tropical Storm Fred.

Since November 2020, the Southern Power Fund has moved two distributions of 4 million each for a total of 8 million to over 300 grassroots and movement formations in the South - no strings attached.
This kind of support is going to be a gamechanger for our organization this year and I hope you understand how big of an impact you've made on our work. We are so humbled and grateful to have even been nominated and I'll be honest here: when I read your email, I burst into tears and said, "This can't be real."

- SPF Funded Group, 2021

<tr>
<td>SPF does not have a reporting requirement or collect specific demographic info from those who receive funding, instead building upon long-standing southern movement relationships.</td>
<td>Collectively, our anchors have generations of experience building relationships and moving work across the South. SPF is composed of representatives from 10 movement organizations, including the four anchor organizations.</td>

WE ARE COMMITTED TO RAISING AND REDISTRIBUTING 100 MILLION IN THE NEXT 5 YEARS.
**SOUTHERN POWER FUND**

**THE NEXT CHAPTER**

**INTERVENE**

Seasonal rounds of redistribution to provide no-strings attached general operating funds to prepare for, respond to, and recover from ecological, economic, and social disasters.

**FORTIFY**

Annual support to sustain existing movement infrastructure that redistributes resources to organizations and joint efforts throughout the year.

**GROW**

Provide significant seed funding to 10 projects annually that present a plan for long-term investment projects like land purchases, housing, community land trusts, and infrastructure development.
